

A NORTH MEOLS DOCUMENT
OF 1716.

By F. H. Cheetham, F.S.A.

THE document here printed was till lately in the old Town's chest, at the parish church of St. Cuthbert, North Meols (Churchtown, Southport), but with other township papers was in February, 1931, transferred to the custody of the Southport Corporation, and is now at the Southport Town Hall. It is written on the first page of a sheet of paper folded into two leaves of 12 by 8 inches. The outer edge of the first leaf is slightly broken, and some of the words are therefore imperfect, but they are easily read and are here restored in italics.

The document, as will be seen, is addressed to the Inhabitants of the Parish of North Meols, and conveys to them the decision of five Deputy Lieutenants of the County of Lancaster in the matter of a dispute, or difference, between the Townships of North Meols and Birkdale (which together constituted the Parish of North Meols) touching their respective shares in the payment of the Militia Tax levied on the parish by the County. For County purposes the parish was the unit of local government, but in respect to its own affairs each township was governed by its Vestry and nominated its own officers. The two North Meols Townships differed considerably in extent and population, the area of North Meols being 8,467 acres, and that of Birkdale 2,214 acres.¹ The population in 1716 can only be conjectured,

¹ *V.C.H. Lancs.*, iii, 230, 237.

but in 1811 North Meols Township had 2,496 inhabitants and Birkdale 371.¹

The dispute had apparently been referred to the Deputy Lieutenants for settlement, five of whom, as already stated, sign the document, their seals being opposed to the body of the writing in the positions indicated. The seals are in an excellent state of preservation and the writing is clear and distinct.

The document, which is dated 30 November, 1716, is as follows :

Com. Pal. Lancs.
